Professional Skills

Tech.		Soft	
	Server Administration		Problem-Solving
	Technical Documentation		Communication
	Networking		Team-Oriented
	Microsoft Azure & Entra I.D.		Self-Starter

Experience

2021– 2024   **I.T. Project + Deployment Engineer**, *360 Smart Networks*, Roswell
- Developed and maintained processes and best-practice documentation for software integration, UNIX command-line best practices for appliance-based distributions, as well as Microsoft Entra I.D. and Azure.
- Collaborated with cross-functional teams to meet expected deadlines and targets, while maintaining stringent security and network administration practices & protocols for a Managed Service Provider undergoing a rapid growth period.

Server Administration
- Hypervisors: ESXi | Hyper-V | Proxmox | QEMU & KVM
- Operating Systems: UNIX | BSD | DOS
- Resource Clustering: Ceph | Kubernetes | High-Availability
- Containerization: Docker | LXC | Podman

2017– 2021   **Brand Ambassador/FoodService Sales Representative**, *Lorenzo Provisions, Inc.*, Alpharetta
- Leveraged existing knowledge of the restaurant vertical to lead the Boar's Head FoodService initiative for a local distributor.
- Transitioned into a multi-faceted role that was key to the day-to-day operations of the company: assisting with logistical route decisions, visiting Publix stores to complete sales figures, train staff, preform selling events, deliver&merchandize product, and coordinate with management for selling events, holiday orders, etc.

Specializations | Current Projects

IaC   **Infrastructure-As-Code**, *Typesetting*, LLM/ML, Git
- Infrastructure-As-Code: NixOS | Declarative Environments | Ansible
- Typesetting: LaTeX
- Web Development: Static site generation | GitHub actions hosting | Vercel & Next.js

Supplementary Experience

Project Mgmt.
- Managed implementation of Azure App Proxy implementation for over 200 users to secure on-premesis data
- Improved processes and expedited the onboarding project for an organization splitting off one of it's teams into a new company.
- Managed the Deli inventory of multiple Publix stores (for ordering & sales) and the warehouse for a local Boar's Head Brand Distributor, and placed weekly order totaling over $500,000

Relationship Mgmt.
- Unconventional Career & Academic Background
- Service-industry background informs my interactions with my team, clients, and mentors.
